

## HOURCAR Quick Start Guide

1	Make a reservation.
2	Go to the car and swipe into the car with your HOURCAR fob.
3	Retrieve the ignition key from the keypad in glove compartment.
4	Start the car as normal and enjoy your trip!
5	If you make any stopovers, take the ignition key with you and use it to lock the doors. (Note: Your HOURCAR fob will NOT work to lock the doors during your trip.)
6	Return the car key by sliding the round keychain back into slot on the keypad in the glove compartment. There is a \$100 fine if you take the key with you when your reservation is over. Avoid the fee – return the key!
7	Swipe out with your HOURCAR fob to lock the doors and end your trip.

Gas card can be found in the keypad in the glove compartment

Extend reservations in-car using yellow button on keypad
